**Petition To Withdraw Holding Of Abandonment Under 37 C.F.R. 1.181**

**Based On Failure To Receive Office Action**

Assistant Commissioner for Patents  
Washington, DC 20231

Sir:

This is a petition to withdraw holding of abandonment based on failure to receive an office action. This petition is filed within two months of receipt of the Notice of Abandonment, which was mailed on June 4, 2002.

The undersigned received a telephone call from Examiner Frank Choi regarding the present case on May 31, 2002. During the telephone call, Examiner Choi noted that, according to the Patent Office records, an Office Action had been mailed in the present

case on November 6, 2001. Upon review of the file jacket, however, the undersigned indicated that it appeared that no such Office Action had been received, and, as a result, no response to such Office Action had been prepared. A Notice of Abandonment was mailed on June 4, 2002, a copy of which is attached hereto as Exhibit 1.

The undersigned has reviewed all papers in the file jacket for the present case and did not find the aforementioned Office Action or any evidence of having received the Office Action. Moreover, the undersigned checked the computer docket and found no record of having received the Office Action.

In accordance with M.P.E.P. § 711.03(c)II, a copy of our docket report where the non-received Office Action would have been entered had it been received is attached hereto as Exhibit 2. With a mailing date of November 6, 2002, the Office Action would have had a docketed three-month response date of February 6, 2002. However, as can be appreciated by reference to Exhibit 2, the docket report corresponding to February 6, 2002, does not include an entry for application number 09/469,399, which has assignee's docket number ARC 2885-R1.

Having complied with all provisions of 37 C.F.R. § 1.181 and M.P.E.P. § 711.03(c)II, Applicants respectfully request withdrawal of the Notice of Abandonment and resumption of the prosecution of the present application.

The undersigned hereby declares that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under

Section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the present application or any patent issuing thereon.

Respectfully submitted,
